Item No. 2.01

Crane lifts can be done on weekends, after hours during school days, and during normal work hours on school breaks. Crane lifts are not to be performed during school hours when classes are in session.

Item No. 2.02

The heat pump piping loop and wellfield loop are all part of one piping system. The glycol anti-freeze solution in this piping does not need to be fully drained and fully replaced. The glycol solution that is removed from the system during construction can be stored and reused. The expectation is that the entire system would not need to be drained in order to replace the rooftop equipment and that the glycol system would merely need to be topped of with 30% propylene glycol when the new equipment is installed.

Contractors will be responsible for providing the specified corrosion inhibitors, biocides, and other chemicals specified.

Item No. 2.03

There will be NO liquidated damages for this project.

ADDENDUM 1

EXHIBIT B:

PENNSYLVANIA PREVAILING WAGE ACT

In the event that grant funds will be used for a public work project, the Prevailing Wage Act (PWA) may apply. The PWA requires that not less than the prevailing minimum wages be paid to all workmen employed on "public work" as defined in the PWA. Information on the PWA and the definition of "public work" may be found at <https://www.pa.gov/en/agencies/dli/resources/forms-and-documents/labor-law/prevailing-wage.html>.

The Act's definition of "public work" has been applied to projects undertaken by private entities, but receiving government assistance.

The PWA does not apply to the installation of equipment or machinery that is not a fixture, although any building construction/renovations to accommodate the equipment/machinery could be covered.

The PWA also does not apply to work performed by the project-owner's in-house employees, as opposed to work done by contractors or subcontractors.

The full PWA can be found at 43 P.S. sections 165-1 through 165-17.

Please contact L&I's Bureau of Labor Law Compliance (717-787-0606) with questions about the PWA and/or if you would like L&I's assistance in determining if the PWA applies to this project.

Information on applying for prevailing wage rates can be found at www.pa.gov/en/agencies/dli/resources/forms-and-documents/labor-law/prevailing-wage.html. From that webpage, you will see a link for "Prevailing Wage Rates Determination Request Form." Follow that link to submit the request electronically or print Prevailing Wage Rates Determination Request Form to submit by mail or fax.
